

## ROAD REBEL.

Positioned low like a coupe, with inverted kidney grilles in high-gloss black, the first-ever BMW X2 Sports Activity Coupe® conveys power, sophistication and agility. Its TwinPower Turbo engine effortlessly delivers 228 hp, going from 0–60 mph in just 6.3 seconds!<sup>1</sup> With BMW Roundels placed boldly in the C pillars and an all-new Galvanic Gold Metallic exterior color, it's clear that this is an X model unlike any other.

<sup>1</sup> BMW AG preliminary test results for X2 xDrive28i. Actual acceleration results may vary, depending on specification of vehicle; road and environmental conditions; testing procedures and driving style. These results should be used for comparison only and verification should not be attempted on public roads. BMW urges you to obey all posted speed laws and always wear safety belts.

<sup>2</sup> Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.

<sup>3</sup> Performance tires are not recommended for driving in ice and snow conditions.
