

2022 GENESIS GV80

THE JOURNEY WE'RE ON IS ALL ABOUT YOU.

When we launched a new luxury brand called Genesis five years ago, we knew our success would result from an unflinching focus on three things.

The first is exceptional quality, reliability and durability. From the start, everything we've done has been about building your Genesis to the highest standards. Over our first four years, J.D. Power ranked Genesis as the Best Premium Brand in Initial Quality in the U.S.!

The second is constant innovation. From our industry-leading suite of driver-assist safety features to our connected car apps and state-of-the-science audio and navigation systems, technologies introduced by Genesis are redefining the luxury vehicle experience.

Our third focus? Dynamic, distinctly Genesis design. Our first SUV, the GV80, sets itself apart from typical luxury SUVs with an exquisite blend of elegance and power. Our designers infused it with advanced features that create an intuitive, highly personalized experience.

So our GV80 feels like it was designed especially for you.

WHAT CATCHES YOUR EYE, CAPTURES YOUR SOUL.

The instant its LED Quad Headlights catch your gaze, you feel it.
There is something about its design that grabs your attention.
Holding your attention? The all-new Genesis GV80 will do that, too.

WE MAKE THE RATIONAL, EMOTIONAL.

When Kelley Blue Book's KBB.com named our GV80 a 2021 Best Buy Award winner,² they were thinking about its rational virtues. Like how it blends the refinement, precision and performance of our luxury sedans with enhanced versatility and cargo capacity.

But it's possible that, after seeing the GV80 in person, emotions came into play. Its design has that effect. Stylish LED Quad Headlamps frame the GV80's Crest Grille, projecting the distinct identity of Genesis design – a signature element repeated in the dual lines of the Fender

Side Garnish and LED Rear Combination Lamps. The grille's exquisite G-Matrix pattern – a design inspired by the diffused reflection of light from precision-cut diamonds – is artfully interpreted inside of the cabin as well.

The athletic elegance formed by a long hood and setback cabin combine with the GV80's dynamic wide stance to give it a potent presence. It's an attitude further amplified by available 22" Aluminum Alloy Wheels that also echo the G-Matrix pattern.³

THE SECRET INGREDIENTS FOR AN AUDACIOUS SUV.

How did we make our first SUV an award-winning SUV? It starts with what Genesis engineers call QRD: Our core principles of quality, reliability and durability. They are instilled into the GV80's turbocharged power, agile handling and smooth ride comfort. Next, we added a large dose of utility – like a 6,000-pound maximum towing capacity.⁴

Then, we offered the GV80 in two distinct models: A 300-hp 2.5L Inline 4-cylinder Turbo, and the 3.5T powered by a 375-hp Twin-Turbo V6 with standard All Wheel Drive and an available Electronic Limited Slip Rear Differential.⁵ An Electronically Controlled Suspension with Road Preview is also available to counteract body roll and pitch by continually adjusting the firmness or softness of its shock absorbers.

A jewel-like rotary dial on the center console engages the 8-speed Shift-by-Wire automatic transmission. Another dial – Drive Mode Select – lets you calibrate the driving dynamics of your GV80 to Comfort, Sport, Eco, Smart or Custom settings.

Drive Mode Select syncs with an available Ergo Motion Seat (Driver) that adjusts its power side bolsters tighter to your body in Sport mode, or more open in Comfort mode. You can even set the bolsters to automatically adjust based on your speed.

Welcome to the lap of performance luxury.

2.5L TURBO 4-CYLINDER

300 Horsepower 311 lb-ft Torque 6,000 lbs Towing Capacity with trailer brakes

3.5L TWIN-TURBO V6

375 Horsepower 391 lb-ft Torque 6,000 lbs Towing Capacity with trailer brakes

HOW CAN SOMETHING SO RIGID LOOK SO FLUID?

Beneath the GV80's flowing lines is a body structure of advanced high-strength steel. It's a rigid framework that helps optimize both safety and performance.

MORE POWER TO YOU.

The GV80 comes standard with safety innovations that help protect you and your passengers from every angle – in parking lots, on freeways, and everywhere in between. It's an approach to safety that we've followed since we began. And it's led to Genesis vehicles earning the industry's highest safety ratings.

01 DRIVING SAFETY

In addition to detecting vehicles, pedestrians and cyclists that have slowed or stopped in front of you, the GV80's Forward Collision-Avoidance Assist automatic emergency braking technology can also assess the risk of colliding with oncoming traffic while turning left in an intersection.⁶

02 PARKING SAFETY

The GV80 comes standard with Rear Cross-Traffic Collision-Avoidance Assist⁷ and offers an available Parking Collision-Avoidance Assist for the rear detection area.⁸ Both features apply braking to help prevent mishaps if a hazard is detected while backing out of parking spaces in reverse gear.

03 HIGHWAY SAFETY

Like an extra set of eyes when you approach the line markings for a lane change, the GV80's Blind-Spot Collision-Avoidance Assist engages differential braking automatically to help avoid collisions with a vehicle in the rear blind spot.⁹ Activating your turn signal also triggers an available Blind-Spot View Monitor to display video from the GV80's corresponding side-view camera in the instrument cluster.¹⁰

BOUNDLESS IMAGINATION. DESIGNED TO KEEP YOU IN BOUNDS.

At Genesis, we want tomorrow's technology today. That's especially true when it comes to advancing the safety of our vehicles. The 2022 GV80 rises to the occasion by introducing innovations like Intelligent Speed Limit Assist. When activated with Smart Cruise Control with Stop & Go,¹¹ it uses the front camera to read speed limit signs and notifies the driver of a new speed limit, which the driver can accept or decline.¹² Your GV80 also slows down automatically when it senses you're approaching a curve on the highway.¹³ It's all part of an array of advanced safety technologies imagined by engineers who are fueled by the future.

01 LANE FOLLOWING ASSIST

To help GV80 drivers stay centered in their lane, Lane Following Assist technology identifies and tracks lane markings. If the markings aren't clear, the system can also create a virtual path based on movements of the vehicle traveling ahead.¹⁴

02 SURROUND VIEW MONITOR

An available Surround View Monitor uses four cameras to display a 3D view of the perimeter of your GV80. Use it to guide your way into tight parking spaces and for clear views of the curb when parallel parking. A remote image capture feature lets you check your car's surroundings on your smartphone while you're away.¹⁵

03 BLIND-SPOT COLLISION-AVOIDANCE ASSIST AND SAFE EXIT ASSIST

Exiting a parallel parking spot? Blind-Spot Collision-Avoidance Assist monitors vehicles approaching from behind to help prevent collisions.¹⁰ Passengers exiting your vehicle on the street side of the curb? The GV80's Safe Exit Assist warns the driver if an approaching vehicle is detected alongside an opening door.¹⁶

04 REAR OCCUPANT ALERT

An available ultrasonic sensor in the headliner scans for rear seat movement after you exit and lock your GV80. If movement by a child or pet is detected, it sounds the horn, flashes lights and sends an alert to your phone.¹⁷

2022 Genesis GV80¹⁸

CRAFTSMANSHIP AND QUALITY, INFUSED WITH TECHNOLOGY.

From the moment its Power Door Closure gently seals you inside, the GV80's luxurious appointments are readily apparent. You're surrounded by open-pore genuine wood trims. And the soft, supple look and feel of expertly stitched leather that's available on the seating surfaces.

Noise is sealed out, thanks to acoustic insulation in the windshield and front door glass. At speed, available "Active Noise Control - Road" technology counteracts road noise by analyzing information from both microphones and accelerometers in 0.002 seconds, then producing sound waves of opposite phases.

Then there's this technical marvel: The GV80's available Ergo Motion Seat. It's equipped with a Smart Posture Assist function and a Stretching Mode that helps the driver fend off fatigue during long stretches of driving. By adjusting inflatable air cells in the seat cushion and seatback, it provides optimal comfort behind the wheel.

SEE LUXURY IN A WHOLE NEW WAY.

From the driver's seat of a GV80 3.5T Prestige, everything you see, touch and interact with brings a sense of pleasure. Heated Front Seats and a Heated Steering Wheel offer soothing warmth at the press of a button. Want your seat cooled instead? Smart Ventilated Seats increase their fan speed as you accelerate, ensuring your comfort keeps pace.

A capacitive Touch Type Climate Control panel lets you adjust the GV80's available 3-Zone Climate with a simple swipe of your finger. The intuitive graphics make it easy for the driver to adjust heating or cooling for 2nd Row passengers as well.

To your right, one of the largest screens this side of a cineplex serves as the GV80's command center. The Premium Navigation System features a 14.5" HD split-screen with audio and climate control functions. It also includes real-time traffic flow and incident data from a subscription-free HD Radio™ service.

Front and center, an infrared camera tracks the driver's eye movements, then displays a stereoscopic 3D image within the available 12.3" Digital Cluster that your eyes can easily follow.

THE VIP TREATMENT RUNS DEEP.

In the GV80, passengers seated in the 2nd row won't take a back seat to anyone up front. Heating elements in the available 2nd Row Heated Seats are designed to cover larger areas for extra warmth. Together with available power slide, recline and cushion tilt adjustment, the 2nd row feels first class.

Need to quickly transform the rear of your GV80 to carry cargo? No problem. One-Touch Folding Seats create cavernous storage room at the press of a button. The 2nd row can split-fold 40/20/40 for flexible combinations of seating and cargo capacity. An available 3rd row allows up to seven passengers to be seated in spacious comfort and convenience.

BUILT FOR YOU. AND THE WORLD AROUND YOU.

The world is a complex place. Modern luxury is about finding elegant ways to simplify your life. Remote Smart Parking Assist is available to help master the toughest parallel parking spaces without breaking a sweat.¹⁹ Hands full as you approach your GV80? No problem. A Power Hands-free Smart Liftgate recognizes your key fob and opens automatically.²⁰ New Dynamic Voice Recognition lets you activate your GV80's

climate controls, open the windows, change music channels and more using natural, conversational tones instead of truncated voice commands. Another new feature called Connected Routing delivers faster cloud-based navigation with the latest traffic and road conditions.²¹

MAGIC WAND

The Genesis Digital Key is available for unlocking your GV80's front doors and starting the engine using your compatible Android™ smartphone.²² Your Digital Key can be shared with up to three people. Driver and guest preferences for driver seat position, audio presets and more are maintained in the Genesis cloud.

FIGHTER JET TECHNOLOGY

An available Heads-up Display feature projects critical driving information onto the windshield for at-a-glance updates. Not just the GV80's speed, but also icons for navigation and safety features like Blind-Spot Collision-Avoidance Assist, Lane Keeping Assist, Smart Cruise Control and more.

SMARTPHONES MADE SMARTER

Tap into your smartphone using the familiar interface of Apple CarPlay® or Android Auto™ while keeping your eyes on the road. The GV80 makes it easy to access maps and navigation, contact lists, texts, calls, your music library and more using its 14.5" touchscreen display or simple voice commands.²³

NICE PAD

A Wireless Device Charger is available to help keep your phone powered up without messing with cords.²⁴ The GV80 also offers power to the people with four USB Charge Ports – two in front, and two in the 2nd row.

REMOTE SMART PARKING ASSIST

How smart is this? With a new Remote Smart Parking Assist feature, you can park your GV80 using the key fob as a simple remote control. As you stand at the curb, your GV80 moves effortlessly into tight parking spots.¹⁹

FORWARD ATTENTION WARNING

An infrared camera in the GV80 3.5T dashboard checks the driver's eye gaze direction to help limit the dangers of fatigue and drowsiness. If your eyes aren't focused on the road ahead, the system sounds a warning and generates a pop-up message.²⁵

HEARING THIS IS MUSIC TO YOUR EARS.

With 21 speakers in 17 locations, the sonic experience inside the GV80 has to be heard to be believed. Genesis has partnered with Lexicon, whose advances in audio technology are so respected, they've won a GRAMMY® Award. A wide 14.5" HD Navigation System with split-screen capabilities is your command center for the Lexicon® Premium Audio System. Use it to control the wide variety of sources at your fingertips – everything from SiriusXM Satellite Radio²⁶ and HD Radio™ to Bluetooth® audio streaming and Apple CarPlay® or Android Auto.™

Lexicon's QuantumLogic® Surround and high-performance 14-Channel Digital External Amplifier makes the boundaries of your vehicle seemingly disappear. Among the strategic placement of audio components is a five-speaker "soundbar" center channel and a pair of subwoofers located beneath the front seats. All to ensure that, no matter where you're seated in the GV80, you don't just hear the power of the music – you feel it.

GENESIS CONNECTED SERVICES

With the Genesis Intelligent Assistant,[®] you can remotely check to see if you left your GV80's doors unlocked or a window open – even view an overhead snapshot of your vehicle and its surroundings – on your mobile device.²⁷

Want your GV80's cabin to be the perfect temperature when you enter? Ask your Genesis app, or your Amazon Echo[®] or Google Home[™] device, to remotely start the engine and climate controls from the comfort of your couch or office.²⁸

The app also lets you check your fuel level and includes a valet alert to help you keep tabs on your vehicle.

Complimentary for your first three years of ownership, Genesis Connected Services sends Monthly Vehicle Health Reports and maintenance reminders, automatically calls for assistance in an emergency,²⁹ and so much more. For information on all of the services available to GV80 owners, please visit [genesis.com](https://www.genesis.com).³⁰

GENESIS EXPERIENCE

Our core principles of quality, reliability and durability go beyond the vehicles we engineer. They are part of Genesis Experience, our suite of owner benefits. Crafted to enhance not only the way you drive, but the way you live.

Genesis Experience reflects our profound commitment to meeting your needs and wants precisely. And while we can't make more of it, these time-saving features will help you spend your time where it matters most.

COMPLIMENTARY SERVICE VALET

You may never set foot in our service center. With our Genesis Service Valet (complimentary for 3 years or 36,000 miles), we'll perform a remote diagnostic check, pick up your vehicle, send a Courtesy Replacement and return your GV80 when it's ready.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with your normally scheduled maintenance appointments at a Genesis service center.

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, five-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer. Reimbursement for an overnight stay is included if needed.

GENESIS CONNECTED SERVICES

Every new GV80 includes three years of complimentary Genesis Connected Services. It's an exclusive suite of safety, car care, guidance and remote features that help keep you connected to your digital life and the things you need on the go.

SIRIUSXM ALL ACCESS SATELLITE RADIO

Complimentary for your first three months, SiriusXM All Access offers one of the widest varieties of entertainment anytime, anywhere. Enjoy every channel available on your satellite radio – including personalized stations powered by Pandora® – and listen in your GV80, on your computer, or on your smartphone or tablet with the SiriusXM app.

NAVIGATION SYSTEM UPDATES

To ensure you're accessing up-to-date driving directions, your GV80 navigation system also includes annual map updates – complimentary for three years during routine maintenance visits with Genesis. Over the Air updates are available through Genesis Connected Services.³¹

FOOTNOTES

¹Genesis received the lowest rate of reported problems among luxury brands in the J.D. Power 2017-2020 U.S. Initial Quality (IQS) Studies measuring new vehicle owners' experience with their vehicle after 90 days of ownership. Visit jdpower.com/awards for more details. ²For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. ³Available on Genesis GV80 2.5T AWD Prestige and 3.5T Prestige trim levels. ⁴Maximum towing capacity with trailer brakes. ⁵Horsepower ratings with premium fuel. ⁶Forward Collision-Avoidance Assist (FCA) with Pedestrian and Cyclist Detection helps detect pedestrians and cyclists, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. The system also helps the driver avoid collisions involving turning left at an intersection by applying the opposing front brake only when an oncoming vehicle is detected in the opposing lane. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians and cyclists under certain road, weather and vehicle conditions. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. The driver is responsible for being attentive and maintaining control of the vehicle and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for details and limitations. ⁷Rear Cross-Traffic Collision-Avoidance Assist (RCCA) is designed to notify drivers of approaching cross traffic behind their vehicle. When another vehicle is detected while you are backing out of a parking spot, it provides audible and visual display warnings and applies braking if it senses a collision is imminent. RCCA is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCA. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ⁸Parking Collision-Avoidance Assist - Rear (PCA-R) can alert the driver of a potential hazard by providing an audible warning and applying light braking. PCA-R is active when the vehicle is in reverse and operating at low speeds. Never rely exclusively on PCA-R. It cannot prevent all collisions and may not provide alerts or braking in all conditions. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ⁹Blind-Spot Collision-Avoidance Assist (BCA) assists the driver by warning of other cars in the rear blind spot region. There are limitations to the function, range, detection and clarity of the system. BCA may not operate if sensors are obscured in any way. Do not rely exclusively on BCA - it is a supplemental system, and the driver must be attentive and exercise caution when driving. It is important to always signal, look over your shoulder and through your mirrors before changing lanes. See Owner's Manual for details and limitations. ¹⁰The Blind-Spot View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated, and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for details and limitations. ¹¹Smart Cruise Control (SCC) is not a collision-avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for details and limitations. ¹²Intelligent Speed Limit Assist (ISLA) can help the driver maintain cruise control speed limit using speed limit sign recognition. ISLA cannot detect all speed limit signs, including when speed limit signage is obscured or beyond the camera's field of view. Driver is responsible for observing posted speeds. See Owner's Manual for details and limitations. ¹³Highway Auto Curve Slowdown is for highway use only and works in conjunction with SCC or HDA and only when navigation map data is available. It will not work under all circumstances. Driver remains responsible for driving at posted speeds. See Owner's Manual for details. ¹⁴Lane Following Assist (LFA), when actively engaged with Smart Cruise Control or Highway Driving Assist, can help keep the vehicle centered in its lane when the lane markings are clearly visible on the road. LFA will not work under all circumstances and will not prevent loss of control. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details and limitations. ¹⁵Surround View Camera System (SVCS) is a parking support system. SVCS cannot completely eliminate blind spots, may not detect every object and does not warn of moving objects. Always check your surroundings before moving your vehicle. See Owner's Manual for details and limitations. Remote image capture requires active Genesis Connected Services account. ¹⁶When your GV80 is parked, Safe Exit Assist (SEA) can alert the driver if a vehicle is detected approaching from behind. When Child Locks are active, SEA prevents initial disabling of the child safety locks if a vehicle approaching from behind is detected. SEA is not a substitute for driver or passenger attentiveness. Always be aware of your surroundings and approaching vehicles. See Owner's Manual for details and limitations. ¹⁷When the vehicle is parked and the engine has been turned off, Ultrasonic Rear Occupant Alert (UROA) can help alert the driver if it detects movement from a child or pet inside the vehicle. Upon exiting and locking the vehicle, UROA may provide visual, audible and/or Genesis Connected Services (GCS) alerts if the interior sensors detect movement. UROA is not a substitute for driver attentiveness. Never leave a child or pet unattended in a vehicle. GCS notification requires a properly equipped vehicle with an active GCS

account. See Owner's Manual for details and limitations. ¹⁸To qualify for 2021 TOP SAFETY PICK+, a vehicle must earn good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an advanced or superior rating for vehicle-to-vehicle and vehicle-to-pedestrian front crash prevention and come with standard acceptable- or good-rated headlights. For details visit www.iihs.org. ¹⁹Remote Smart Parking Assist can remotely park the vehicle. However, several factors can reduce the performance of this feature. The parking sensors may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) are interfering with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for details and limitations. ²⁰The smart liftgate will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for details and limitations. ²¹Connected Routing helps drivers access the latest traffic and road conditions. It requires an active subscription to Genesis Connected Services and a wireless connection. See Owner's Manual for details and limitations. ²²Near Field Communication (NFC) digital smartphone key requires a compatible Android smartphone and an appropriately equipped 2022 GV80 vehicle. Not all Android devices are compatible. The Genesis GV80 must be equipped with smart key with push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock/unlock functionality works on the front doors only. Features and specifications subject to change. See your Owner's Manual for details and limitations. ²³Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ²⁴Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ²⁵Forward Attention Warning (FAW) is available on the GV80 3.5T. FAW helps monitor the driver's eye position using an infrared camera and provides an audible warning if it detects a potential lack of driver attention. It does not detect and provide an alert in every situation. It is the driver's responsibility to remain alert at all times. See Owner's Manual for details and limitations. ²⁶All SiriusXM services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. after the trial period has elapsed. The subscription plan you choose will automatically renew, and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. Satellite and outside-the-car lineups vary slightly. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. ²⁷Remote features are subject to adequate cellular coverage, signal strength and battery power, and only available in the 50 United States. You must be an active subscriber or within the initial free-trial period to receive Genesis Connected Services. ²⁸Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Home and Google Assistant are trademarks of Google Inc. ²⁹Genesis Connected Services agents will contact existing emergency service responders. ³⁰Genesis Connected Services are complimentary for 3 years and require an active subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use and is available for new 2022 model year vehicle purchases and leases, as well as transferable to subsequent owners subject to the Terms and Conditions. Only use Genesis Connected Services and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit genesis.com or an authorized retailer of Genesis branded products. ³¹Over-the-air updates require a Genesis Connected Services Guidance package subscription and a strong cellular signal to your vehicle. ³²EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ³³Powertrain Limited Warranty available for original retail owner only.

Genesis Experience Notes: Genesis Service Valet is for 2022 model year vehicles for maintenance for 3 years/36,000 miles and for warranty repairs. Coverage area varies by retailer. Mileage and ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. Genesis Complimentary Maintenance is for 2022 model year vehicles for factory-recommended scheduled maintenance for 3 years/36,000 miles. Ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply.
