

2018 DODGE /// JOURNEY

DOMESTIC. NOT DOMESTICATED.

DODGE

For more than 100 years, the Dodge Brand has stood for standing out. We've led by being different. By offering the unexpected, by having a different voice altogether and daring to amplify it. We've stood apart in a sea of look-alike vehicles by championing the un-boring; by having the courage to be different enough to build modern-day marvels that are engineered with more passion,

precision and performance than ever before. Each vehicle in the 2018 Dodge lineup pays homage to its iconic bloodline with award-winning features and detailed craftsmanship. The snarling engines and sleek exteriors of each vehicle beg to be taken out on the open road. It's time to put the pedal to the metal. *THIS IS WHAT IT MEANS TO BE DOMESTIC AND NOT DOMESTICATED.*

2018 DODGE JOURNEY

There's a reason it's called a road trip and not an arrived-at-your-destination trip. It's because the time and miles spent getting there are what it's really all about. Dodge Journey has the power to make every drive — including the one you make Monday through Friday — feel like a vacation. The power to cut loose comes from available all-wheel drive (AWD) and engine options that are as efficient as they are capable. With standard seven-passenger seating and loads of technology, there's room and entertainment for everyone. It's time to get up and get out, your Journey awaits.

////// Journey SXT shown in Redline 2K with Blacktop Package.

ESCAPE ARTIST

ALL-WHEEL DRIVE (AWD) /// When the weekend's arrived but the forecast calls for foul weather, there's no need to change your plans. The surefootedness of available AWD makes haste of snowy roads, wet highways and lower-traction terrain. When the system senses wheel slippage, it immediately responds with a transfer of power to the rear wheels for a very noticeable uptick in driving performance.

HAULING ALL-STAR /// Whether it's a boat, ATV or camping gear you're trailering, Journey's measured muscle easily handles up to 2,500 lb when properly equipped. Standard Trailer Sway Damping⁽⁵⁾** helps to maintain control.

ENGINE OPTIONS /// 2.4-liter DOHC 16-valve Dual Variable Valve Timing (VVT) engine produces 173 horsepower and up to 25 mpg highway.* Award-winning 3.6-liter DOHC Pentastar® VVT engine mated to a smooth-shifting six-speed automatic delivers 283 horsepower and up to 25 mpg highway.†

Award-winning 3.6-liter DOHC Pentastar® VVT engine mated to a smooth-shifting six-speed automatic delivers 283 horsepower and up to 25 mpg highway.†

*2017 EPA estimated 19 mpg city / 25 mpg highway. Actual mileage may vary. †2017 EPA estimated 17 mpg city / 25 mpg highway (FWD); 16 mpg city / 24 mpg highway (AWD). Actual mileage may vary. **All disclaimers and disclosures can be found on page 20.

////// Journey GT shown in Billet.

////// Journey GT shown with Black leather trim with perforated inserts and Red accent stitching.

SHIFT YOUR **PERSPECTIVE**

This is how you commute in style — Dual-Zone Temperature Control, stadium seating, soft-touch surfaces, available 8.4-inch touchscreen and flexible seven-passenger seating. Opt for an available 10-way power driver seat including four-way power lumbar adjuster, heated front seats and a full-circumference heated steering wheel for optimum luxury.

Accessing the third-row seats is effortless thanks to 90-degree rear-door openings and available Tilt 'n Slide second-row seats.

////// Journey Crossroad shown with Black leather trim with Sport mesh inserts.

Properly secure all cargo.

FLEXIBILITY NEVER LOOKED SO GOOD

CARGO AREA /// A standard hidden storage bin and access door to the tool and jack compartment are located behind the rear seat. When hauling gear is the priority, simply fold down the second- and third-row seats for up to 67.6 cu. ft. of cargo capacity.

DUAL IN-FLOOR STORAGE /// The second-row floor provides even more clever storage. Two in-floor storage bins with latching lids can each hold up to a dozen 12-oz cans, plus ice.

For added convenience, these bins have removable, washable liners so they're a snap to clean, and make the perfect tailgating accessory.

CENTER FLOOR CONSOLE /// This deep, easy-to-access console features cup holders, 12-volt outlets, remote USB port, auxiliary audio input and out-of-view storage.

STORAGE POCKETS /// Found on all four passenger doors, molded storage pockets give you more places to stash your travel items, as well as 20-oz drink containers and more.

SECOND-ROW INTEGRATED CHILD BOOSTER SEATS^[6] /// There's no need to fumble with bulky, heavy booster seats anymore. Opt for the integrated child booster seat^[6] and you're good to go.

REAR CUP HOLDERS /// Cup holders conveniently located in the rear quarter trim panel accommodate 20-oz drinks or juice boxes. Two more cup holders can be found in the second-row fold-down armrest.

SAFETY & SECURITY FEATURES

PARKSENSE® REAR PARK ASSIST^[9] / / / / When your vehicle is in Reverse, this system can sense objects moving at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop. (Available on Durango.) For Journey and Grand Caravan, this available system detects objects within 6.5 feet of the backup pathway and provides both an audible chime and visual warning.

RAIN BRAKE SUPPORT / / / / When your windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard on Durango.

BLIND SPOT MONITORING (BSM)^[10] WITH REAR CROSS-PATH DETECTION^[9] / / / / Radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available on Durango and Grand Caravan.

ADAPTIVE CRUISE CONTROL (ACC)^[11] WITH STOP / / / / Helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available on Durango.

FORWARD COLLISION WARNING (FCW)^[12] WITH ACTIVE BRAKING / / / / Forward-facing radar sensors detect when your vehicle may be approaching another object too rapidly and the system alerts the driver with both an audible chime and a visual warning. Available on Durango.

PARKVIEW® REAR BACK-UP CAMERA^[9] / / / / This system displays an accurate visual reference of what is behind your vehicle when it's in Reverse. Standard on Durango and Grand Caravan. Available on Journey.

READY ALERT BRAKING (RAB) / / / / The system anticipates situations when you may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)^[5] pump to precharge the brake system in order to decrease the time required for full brake application. Standard on Durango.

ELECTRONIC STABILITY CONTROL (ESC)^[5] / / / / This system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC^[5] senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard on Durango, Journey and Grand Caravan.

ALL-WHEEL DRIVE (AWD) / / / / A system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction. Available on Durango and Journey.

ANTILOCK BRAKE SYSTEM (ABS) / / / / Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard on Durango, Journey and Grand Caravan.

[1] Apple CarPlay and Android Auto require a compatible mobile device connected via USB cable to the Uconnect system. Data plan rates may apply. Visit UconnectPhone.com for system and device compatibility. [2] Siri Eyes Free requires an iPhone equipped with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. [3] This system is not meant to be used while the car is in motion. [4] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. [5] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [6] For children 48 – 85 lb and up to 4'9". [7] SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. **If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. [8] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit UconnectPhone.com for system and device compatibility. [9] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. [10] Always check visually for vehicles prior to changing lanes. [11] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [12] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [13] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraints. [14] The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [15] LDW is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. [16] May not work with all garage door openers. [17] Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.
