2011 GMC TERRAIN

---

WE UNDERSTAND THAT MODERN LIFESTYLES DEMAND MODERN UTILITY. SO WE USED BIG THINKING TO DESIGN A SMALLER SUV WITH THE STANDARD FEATURES, PASSENGER COMFORT AND GREAT CAPABILITY YOU WOULD EXPECT IN A FULL-SIZED SUV. AT 32 HIGHWAY MILES PER GALLON,<sup>1</sup> WE GAVE IT BETTER FUEL ECONOMY THAN ANY SUV OR CROSSOVER. THIS IS TERRAIN. WE GAVE IT MORE IDEAS PER SQUARE INCH. BECAUSE MORE IS WHAT WE DO.

**MORE IDEAS PER SQUARE INCH.**

TERRAIN

<sup>1</sup>EPA estimated.

TERRAIN SLT-2 IN CARBON BLACK METALLIC SHOWN WITH AVAILABLE EQUIPMENT

EFFICIENCY, STYLING AND FLEXIBILITY

**GOING THE EXTRA MILE TO MAKE THE MOST OUT OF EVERY INCH.**

Every inch of Terrain challenges the notion of what an SUV can be. It has the best highway fuel economy in its class<sup>1</sup> at 32 highway miles per gallon, and fits into smaller garages and tighter parking spaces with ease. Terrain also rewards you with big-SUV comfort, professional-grade capability and bold GMC styling—it's the very definition of efficiency without compromise.

FIGURE 1: INTELLIGENT PERFORMANCE

Terrain offers class-leading highway fuel economy without sacrificing performance. Equipped with a 2.4L I-4, Terrain offers 32 EPA-estimated highway miles per gallon, and can go up to 600 highway miles on a single tank of gas. At 182 horsepower and 172 lb-ft of torque, the engine delivers responsive power when you need it for a confident driving experience.

BIG SUV COMFORT

Terrain features the head and leg room of a full-sized SUV. To make the most of available interior space, its clever MultiFlex rear seat slides to create 39.9 inches of class-leading rear leg room, and can even recline for rear passenger comfort. The seatbacks also fold down to create nearly 64 cubic feet of available cargo space.<sup>2</sup>

BOLD GMC STYLING

Terrain takes a strong stance worthy of its professional-grade heritage—with squared-off corners, flared fenders, a prominent chrome surround grille and projector-beam headlamps mounted in large, rectangular chrome housings. What you get is plenty of bold styling and a commanding view of the road.

HELP WHEN YOU NEED IT MOST

Every Terrain offers a six-month trial subscription to OnStar Directions & Connections.<sup>3</sup> Whether you're lost, stranded, involved in a crash or your vehicle's been stolen, an OnStar Advisor is there to get you whatever help you need, 24 hours a day.

<sup>1</sup>EPA-estimated 32 hwy mpg. Based on GM 2010 Compact SUV-Crossover segment. <sup>2</sup>Cargo and load capacity limited by weight and distribution. <sup>3</sup>Go to onstar.com for details and system limitations. Services vary with conditions.

TERRAIN SLT-2 IN CARBON BLACK METALLIC SHOWN WITH AVAILABLE EQUIPMENT

ACCESSIBLE, ACCOMMODATING INTERIOR

**EVERY INCH DESIGNED TO DO BIG THINGS.**

Terrain is a smaller SUV on the outside, with the capacity to do more on the inside. It's engineered to use every inch of interior space to the full benefit of its five-passenger interior. You get class-leading maximum second-row leg room, generous cargo space and flexible second-row seating, allowing you to configure interior space as you choose.

FIGURE 2: HANDS-FREE CARGO ACCESS

With the help of an available programmable power liftgate, loading and unloading Terrain's rear cargo area is incredibly easy. The liftgate features push-button remote access, and can be programmed to open to different heights to accommodate your own height or various parking garage heights. Electronic obstacle detection can reverse and stop liftgate motion to help prevent damage.

FIGURE 3: FLEXIBLE FLOOR PLAN

The standard MultiFlex sliding rear seat allows you to arrange Terrain's available interior space to your liking. The 60/40-split rear seatback can be partially folded to accommodate a mix of cargo and passengers, or folded down completely to create nearly 64 cubic feet of total cargo space.<sup>1</sup>

<sup>1</sup>Cargo and load capacity limited by weight and distribution.

EASE OF ENTRY

Integrated rocker panels in the front and rear doors create a low step-in height to make entering and exiting your Terrain easier and help keep door sills cleaner.

FIGURE 4: BEST-IN-CLASS REAR-SEAT LEG ROOM

Benefitting from the longest wheelbase in the class, Terrain has roomy rear seating comfortable enough for three adults. The seat can slide nearly 8 inches fore and aft and recline in five- and 10-degree positions to deliver class-leading 39.9 inches of maximum rear leg room and exceptional comfort. Or you can slide the seat forward to expand rear cargo volume.

TERRAIN SLT-2 IN QUICKSILVER METALLIC SHOWN WITH AVAILABLE EQUIPMENT

TERRAIN SLT-2 INTERIOR IN LIGHT TITANIUM SHOWN WITH AVAILABLE EQUIPMENT

STYLISH, COMFORTABLE CABIN

**CAPABILITY REFINED.**

Every inch of Terrain's spacious interior reflects a high level of craftsmanship and thoughtful execution. It's finished in fine premium materials and complemented by well-placed, conveniently illuminated controls. In devoting attention to the smallest of details, Terrain provides a stylish, structured, pleasing environment for everyone.

INVITING INTERIOR

Terrain's interior reflects GMC's signature attention to detail. Careful organization and premium materials give Terrain a structured, integrated look and feel. Red ambient lighting is used on the cupholders and around the center stack to provide an inviting, warm glow throughout the cabin and add convenience while traveling at night. Contrasting red stitching helps define the contours of Terrain's highly bolstered seats and complements the interior lighting.

SUPPORTIVE SEATING

Terrain's seats are shaped and bolstered for additional comfort and support. They're carefully stitched to create a high-end, contemporary look that stands up to wear over time.

COLD-WEATHER COMFORT

Terrain has available heated front seats to warm you up when cold weather sets in. The seats offer three settings, giving front-row occupants the ability to dial in the appropriate level of heat to match their personal comfort level. They're available with cloth on SLE-2 models and standard on SLT-1 and SLT-2 models with perforated leather-appointed seating surfaces.

A PLACE FOR EVERYTHING

Terrain makes intelligent use of interior space to help keep you organized. It offers numerous spaces to store your belongings, including a center console large enough to store a laptop, an oversized glove box, closed storage in the instrument panel, a compartment under the center armrest and two-tier storage in the doors.

TERRAIN SLT-2 INTERIOR IN LIGHT TITANIUM SHOWN WITH AVAILABLE EQUIPMENT

TECHNOLOGY

EQUIPPED FOR A MOBILE LIFESTYLE.

Terrain is equipped with purposeful technologies designed to assist and entertain you as you drive. It offers available touch-screen navigation,<sup>1</sup> available Bluetooth<sup>®2</sup> and standard USB connectivity<sup>3</sup> designed to help manage your time on the road more effectively.

XM SATELLITE RADIO<sup>4</sup>

More entertainment. More information. More choices. XM delivers outstanding sound quality and over 170 channels of the best in music, news, sports, comedy, talk, XM Instant Traffic and Weather and more, coast to coast. Also available with this three-month trial subscription is XM NavTraffic,<sup>5</sup> giving you construction, road closures and accident reports in real time to help you reach your destination on time. See page 25 for details.

DIRECTIONS ON-DEMAND

Terrain's available touch-screen navigation system features advanced mapping capabilities and voice recognition for hands-free operation of both the navigation and audio system features. A portion of its 40GB hard drive<sup>6</sup> can even be used to store music files for later playback. OnStar<sup>7</sup> Directions & Connections with Turn-by-Turn Navigation is also standard for six months on all Terrain models. See page 25 for details.

PIONEER<sup>®</sup> PREMIUM SOUND

Premium audio makes it possible to hear your favorite music as the artist intended. With the help of eight speakers placed strategically throughout the cabin, Terrain's available 250-watt premium Pioneer system surrounds you with brilliant, distortion-free sound.

REAR-SEAT ENTERTAINMENT

With both video and gaming capabilities, the available Rear-Seat Entertainment System offers hours of enjoyment for rear passengers. It features twin seatback-mounted flip-up LCD DVD video screens that can pivot 205 degrees, allowing passengers of various heights to adjust them to their comfort. To further personalize rear entertainment choices, each screen includes a video input jack to plug in various gaming systems or other electronic devices.

YOUR PERSONAL PLAYLIST

All Terrain audio systems include USB connectivity, allowing you to access or recharge various electronic devices, wherever you are. You can activate your compatible MP3 player or iPod<sup>®</sup> to see your play-lists on the sound system display, and to operate either device using the audio system controls to hear your own mix of music.

BLUETOOTH CONNECTIVITY

Thanks to available Bluetooth connectivity, you can sync up your Bluetooth mobile device with Terrain for in-vehicle, hands-free calling. Steering-wheel-mounted controls allow you to start a call and control volume, then dial by voice and listen to your call through the audio system.

<sup>1</sup>Map coverage for Puerto Rico and the Virgin Islands available on separate disc. Coverage not available for portions of Canada. <sup>2</sup>Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. <sup>3</sup>Not compatible with all devices. <sup>4</sup>XM Radio requires a subscription, sold separately by XM after the first 90 days. XM Radio U.S. service only available in the 48 contiguous United States and the District of Columbia. For more information, visit xmradio.com. <sup>5</sup>Required XM Radio and XM NavTraffic subscriptions sold separately by XM after trial period. XM NavTraffic only available in select markets. For more information, visit xmradio.com/navtraffic. <sup>6</sup>10GB for music storage. <sup>7</sup>Visit onstar.com for details and system limitations.

POWER AND PERFORMANCE

**THERE'S POWER IN NUMBERS.**

Terrain's 182-horsepower direct-injected four-cylinder engine gives a spirited performance and features better highway fuel economy than any other SUV or crossover.<sup>1</sup> Direct-injection technology and Variable Valve Timing (VVT) help both the standard 2.4L I-4 engine and the available 3.0L V-6 engine burn cleaner and operate more efficiently, making Terrain incredibly responsive and fuel-conscious. You don't have to wait for the payoff—it's power you can feel the moment you accelerate.

FIGURE 5: ADDITIONAL V-6 ENGINE POWER

The available 3.0L V-6 engine offers 264 horsepower and 222 lb-ft of torque. It clocks in a 0-to-60 mph time of 7.8 seconds and delivers an unsurpassed 3500 pounds of trailering capability in its class.<sup>2</sup>

ADVANCED 6-SPEED AUTOMATIC TRANSMISSION

A 6-speed automatic transmission features a wide ratio spread with a very low first gear for brisk acceleration from a stop, and a very high sixth gear overdrive ratio that helps save fuel during highway cruising. Thanks to Engine Grade Braking, the transmission also changes gears as conditions change, reduces brake wear and gives you more control on downhill slopes.

DIRECT-INJECTION TECHNOLOGY

Both engines in the Terrain feature direct-injection technology. Fuel is injected directly into the combustion chamber, right next to the spark plug for fast, efficient combustion. In addition, digital sensors allow each injection of fuel to precisely match power demand, resulting in cleaner burning and efficient operation. Instead of having to tune the engine for power or fuel economy, our engineers are able to do both.

ELECTRIC POWER STEERING

A Rack-mounted Electric Power Steering system (REPS) automatically delivers extra steering effort when you need it, when parking or during tight maneuvers, and reduces steering effort when you don't on the highway. REPS also eliminates the need for a power steering pump, which helps conserve horsepower and contributes to Terrain's exceptional fuel economy. It's standard on all Terrain models equipped with the 2.4L four-cylinder engine.

FUEL-SAVING MODE

The 2.4L I-4 comes with an "ECO" mode to help save fuel. At the press of a button, the engine makes a slight sacrifice in acceleration in exchange for additional fuel economy in city driving.

<sup>1</sup>EPA-estimated mpg 32 hwy. <sup>2</sup>Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.

TERRAIN SLT-2 IN CARBON BLACK METALLIC SHOWN WITH AVAILABLE EQUIPMENT

RIDE AND HANDLING

**UNLIMITED RANGE OF MOTION.**

Terrain has the strength and flexibility to manage changing conditions with confidence. When the road resists, it pushes back with suspension, braking and stability control systems designed to provide excellent on-road feel and handling characteristics.

A FEEL FOR THE ROAD

Terrain's suspension system features a compact strut-type front suspension and an independent, four-link design with coil springs in the rear. The suspension is tight and offers a crisp response to give you a feel for the road, without all of the harshness.

IMPRESSIVE TRAILERING CAPABILITY<sup>2</sup>

With an available receiver hitch, Terrain 2.4L I-4 engine models can trailer up to 1500 pounds. Equipped with the 3.0L V-6 engine, Terrain offers unsurpassed maximum trailering capacity in its class—up to 3500 pounds. In practical terms, the I-4 is great for trailering a pair of jet skis or motorcycle, while the V-6 can handle most single-axle camping trailers.

STABILITY CONTROL

The StabiliTrak stability control system helps you stay on the path you are steering in bad weather or on uneven road surfaces. This system senses when your vehicle is not responding to your steering inputs, then adjusts engine speed and braking pressure to any individual wheel to help maintain directional control.

FIGURE 6: INTELLIGENT ALL-WHEEL DRIVE (AWD)

When you need extra traction, available AWD automatically adapts to changing road conditions for improved handling. The system sends the maximum amount of torque specific to each wheel when extra traction is needed, and adjusts as needed to help you maintain control. Thanks to direct-injection engine technology, Terrain features best-in-class AWD highway fuel economy and a best-in-class AWD highway cruising range.<sup>1</sup>

HILL HOLD

On a hill or a steep incline, the moment you take your foot off the gas, Hill Hold takes over to prevent Terrain from rolling backwards. Sensing a potential “rollback,” Hill Hold uses full brake pressure to hold the vehicle in place during the switch between brake and accelerator pedals, giving you time to apply power and pull away.

REARVIEW PERSPECTIVE

Every Terrain is equipped with a Rearview Camera System to help you navigate a driveway, parking space or trailer hitch more effectively. As soon as you shift into reverse, a view of what's behind you is displayed in a portion of the rearview mirror. On select models, when Touch-Screen Navigation is ordered, the camera display is integrated into the NAV screen.

<sup>1</sup>Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. <sup>2</sup>EPA-estimated 29 mpg hwy I-4 AWD. Based on 2010 GM Compact SUV-Crossover segment.

TERRAIN SLT-2 IN CARBON BLACK METALLIC SHOWN WITH AVAILABLE EQUIPMENT

SAFETY AND SECURITY

**PRIORITIES IN THE RIGHT PLACE.**

Terrain offers a comprehensive system of protection to give you help when you need it most. It's engineered to assist you before a crash, with advanced chassis control technology (see page 14 for details), during a crash, when every second counts, and thanks to OnStar, after a crash, even if you can't ask for help yourself.

FIGURE 7: SIX AIR BAGS WITH PASSENGER SENSING SYSTEM<sup>1</sup>

To reduce the risk of injury, Terrain is equipped with six air bags: two front dual-stage air bags and two side-impact air bags for the driver and front-seat passenger, and head curtain side-impact air bags with rollover protection for passengers in all outboard seating positions. The front passenger air bags feature a Passenger Sensing System. The system uses a sensor within the front passenger seat to detect the weight of an occupant. Under a certain weight, the system automatically turns off the air bag.

REINFORCED SAFETY CAGE

To help preserve occupant space during a crash, Terrain's safety cage is engineered to absorb and channel crash energy. Crush zones at the front and rear of Terrain are designed to collapse in a controlled manner on impact, allowing them to absorb energy and keep the safety cage intact.

ONSTAR AUTOMATIC CRASH RESPONSE<sup>2</sup>

With OnStar, you get the help you need, even if you can't ask for it. In a crash, an OnStar Advisor can call for help, send your GPS location to emergency services and can stay on the line until help arrives. For more details, see page 25 or visit [onstar.com](http://onstar.com).

ELECTRONIC CHILD SAFETY LOCKS

To prevent young children from opening the rear doors unexpectedly, all Terrain models include "one-touch" electronic safety door locks and a lockout switch. Simply pushing a button in the center console sends an electronic signal to the rear doors, blocking interior door handle function. The button is backlit in amber when the doors are locked, and turns to red when unlocked to help you determine when the locks are activated.

<sup>1</sup>Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. <sup>2</sup>Visit [onstar.com](http://onstar.com) for details and system limitations.

TERRAIN SLT-2 IN QUICKSILVER METALLIC SHOWN WITH AVAILABLE EQUIPMENT

COMMITMENT TO QUALITY  
**BUILT TO THE HIGHEST STANDARD.**

Terrain's inherent craftsmanship is visible in its construction, and evident under the hood. From structure to sheet metal, Terrain delivers a quiet, comfortable driving environment backed by outstanding warranty coverage.

FIGURE 8: DURABLE AND QUIET BY DESIGN

Terrain's rigid, body-integral structure with single-piece bodyside outer-stamping allows for a precise assembly, with tight, uniform gap tolerances. Tight seams, window closeouts and windshield angle help improve air flow over and around Terrain, reducing air turbulence and wind noise. The result is a vehicle with a solid feel and high level of quality that provides a remarkably quiet ride.

ONSTAR VEHICLE DIAGNOSTICS

With the help of OnStar, Terrain can automatically send you a monthly e-mail summary of hundreds of checks of your engine, transmission and antilock brakes, along with important maintenance tips. Services include OnStar Vehicle Diagnostics, a powerfully simple way to know what your vehicle's key operating systems need. A six-month trial subscription to OnStar Directions & Connections<sup>1</sup> is one of the benefits of Terrain ownership.

THE BEST COVERAGE IN AMERICA

We stand by our commitment to exceptional quality and great capability in everything we do. Every GMC is fully backed by a 5-Year/100,000-Mile Powertrain Limited Warranty<sup>2</sup> plus Courtesy Transportation and Roadside Assistance, so you're protected. If you sell your GMC, this coverage is fully transferable to the next owner, too. It's not just a commitment to you. It's a commitment to the value of your GMC.

<sup>1</sup>Visit [onstar.com](http://onstar.com) for details and system limitations. Diagnostic capabilities vary by model. <sup>2</sup>Whichever comes first. See dealer for limited warranty details.

## AVAILABLE FEATURES

## ANOTHER COMMANDING VIEW

Essentially an on-board computer, Terrain's available Touch-Screen Navigation System<sup>5</sup> allows you to choose either a 2-D or 3-D view of your driving (above, left). The system's 40GB hard drive<sup>6</sup> stores a navigation database, freeing the system's DVD drive for entertainment. On vehicles equipped with this system, Terrain's standard rearview camera transmits the camera image of what is behind the vehicle to the NAV screen (above, right).

<sup>1</sup>Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details. <sup>2</sup>XM Radio requires a subscription, sold separately by XM after the first 90 days. XM Radio U.S. service only available in the 48 contiguous United States and the District of Columbia. For more information, visit xmradio.com. <sup>3</sup>RDS functions only where stations broadcast RDS information. <sup>4</sup>Not compatible with all devices. <sup>5</sup>Map coverage for Puerto Rico and the Virgin Islands available on separate disc. Coverage not available for portions of Canada. <sup>6</sup>30GB for navigation and 10GB for music storage. <sup>7</sup>Required XM Radio and XM NavTraffic monthly subscriptions sold separately by XM after trial period. XM NavTraffic only available in select markets. For more information, visit xmradio.com/navtraffic. <sup>8</sup>Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. <sup>9</sup>Visit onstar.com for details and system limitations. <sup>10</sup>Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. <sup>11</sup>Use only GM-approved tire and wheel combinations. Unapproved tire and wheel combinations may change the vehicle's performance characteristics. For approved tire and wheel combinations and other important information, go to gmaccessorieszone.com or see your dealer for details. <sup>12</sup>Visit gm.com/e85 to see if there is an E85 station near you. On federal emissions certified vehicles. <sup>13</sup>When properly equipped; includes weight of vehicle, passengers, cargo and equipment. <sup>14</sup>Cargo and load capacity limited by weight and distribution.

GMC TERRAIN

## GMC ACCESSORIES

Make Terrain your very own with available accessories created specifically to match its distinctive style, as well as yours. All of these items have been tested to meet GMC's original equipment standards for performance and appearance. Their cost can be applied to your purchase, installed by your GMC dealer and covered under GM's New-Vehicle Limited Warranty.<sup>1</sup> Just ask your dealer.

FIGURE 1: MOLDED SPLASH GUARDS

Custom-molded splash guards fit directly behind the wheels. Rear guards feature the GMC logo.

FIGURE 2: PREMIUM ALL-WEATHER FLOOR MATS

These precision-designed mats fit the floor exactly. Their deep-ribbed pattern collects rain, mud, snow and other debris for easy cleaning. Nibs on the back help keep them in place. Available in Ebony with an embossed GMC logo on front mats only.

FIGURE 3: ROOF RACK CROSS RAIL PACKAGE

Carry a load on the roof of your Terrain with these roof-mounted luggage cross rails that add both function and style and can accommodate up to 220 lbs.<sup>2</sup>

ALSO SHOWN:

- Chrome mirror covers
- Chrome door handles

FIGURE 4: HITCH TRAILERING PACKAGE

This Hitch Trailering Package comes with a hitch assembly that mounts directly to your vehicle. Includes the trailering harness.

FIGURE 5: ACCESSORY WHEEL<sup>3</sup>

Roll with the best. This custom wheel features a brilliant, durable chrome finish, and is available with matching lugs and GMC center caps.

LF671 19" CAST-CHROME SIX-SPOKE WHEEL (SED)

PROTECTION PACKAGE (VQG)

- All-weather floor mats
- Custom molded splash guards

CARGO CONVENIENCE PACKAGE (VQR)

- Cargo organizer
- Cargo security shade
- Cargo net

design by  
**U**

<sup>1</sup>GM Accessories permanently installed at the time of new-vehicle delivery are covered under the New-Vehicle Limited Warranty. If installed after delivery, coverage (parts and labor) is for the balance of the new-vehicle warranty or a minimum of 12 months/12,000 miles, whichever comes first. GM Accessories not requiring installation or purchased over the counter carry a 12-month limited warranty (parts only). Does not apply to licensed products. <sup>2</sup>Cargo and load capacity limited by weight and distribution. <sup>3</sup>Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For approved tire and wheel combinations and other important information, go to gmaccessorieszone.com or see your dealer for details.

**ONSTAR**

OnStar is a core asset of your Terrain. Benefiting from more than a decade of innovative development, it is both a highly advanced technology—fully integrated within the vehicle—and a warm human service. Standard on all Terrain models are six months of the OnStar Directions & Connections plan, including the convenience of Hands-Free Calling. It also includes Automatic Crash Response (see page 16), Stolen Vehicle Assistance, link to Emergency Services, Roadside Assistance, Remote Door Unlock, OnStar Vehicle Diagnostics, Crisis Assist and Remote Horn and Lights. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage maps, details and system limitations. Services vary with conditions.

**HANDS-FREE CALLING**

OnStar Hands-Free Calling capability is built into your Terrain. It's there when your cell phone is unavailable, its battery is low, you can't reach it easily or you left it home or in the office. Your Hands-Free Calling system is the right choice whenever you need an easy way to make and receive calls—at the touch of the phone icon on the rearview mirror or the steering-wheel-mounted controls shown on page 6. Voice-activated dialing is convenient because you don't have to dial when you are at the wheel. And Hands-Free Calling is reliable because it's specially designed for better reception and fewer dropped calls in areas of limited cellular reception. You are invited to experience the benefits yourself with 30 Hands-Free Calling minutes—on OnStar—during the first two months you drive your Terrain, with no strings attached.

**ONSTAR TURN-BY-TURN NAVIGATION**

Standard on all Terrain models are six months of the OnStar Directions & Connections plan that adds innovative, easy-to-use Turn-by-Turn Navigation plus Information and Convenience Services and Driving Directions. With Turn-by-Turn Navigation, you simply tell the OnStar Advisor your intended destination, and directions will automatically be sent to your Terrain. If you drive off-course, the system can reroute you to your intended destination. An automated voice then guides you turn-by-turn until you arrive at your destination. Turn-by-Turn Navigation is further enhanced with eNAV, allowing you to send Google™ Maps® and MapQuest® destinations directly to your vehicle. No need to print out directions; just call them up with simple voice commands.

**XM RADIO**

On all Terrain models, XM Radio<sup>1</sup> is standard with 3 trial months of service. XM turns your drive on with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Everything worth listening to is now on XM. Visit xmradio.com for details.

**XM NAVTRAFFIC**

Included with the available Touch-Screen Navigation System, 3 trial months of XM NavTraffic<sup>2</sup> enhances Terrain's GPS navigation system by showing real-time traffic data—while you're driving. Available in over 80 markets, XM NavTraffic displays construction, road closures and accidents so that you can get to your destination faster, plus average traffic speed and estimated drive time in select markets. For more information, visit xmradio.com/navtraffic.

**GMC | Goodwrench GOODWRENCH SERVICE**

To help your Terrain live up to its performance promise, GMC Goodwrench Service—found exclusively at your GMC dealer—is there. With all the engineering excellence in Terrain, GM-trained Goodwrench technicians have the expertise to care for all of it.

<sup>1</sup>XM Radio requires a subscription, sold separately by XM after the first 90 days. XM Radio U.S. service only available in the 48 contiguous United States and the District of Columbia. For more information, visit xmradio.com.

<sup>2</sup>Required XM Radio and NavTraffic monthly subscriptions sold separately by XM after trial period. XM NavTraffic only available in select markets. For more information, visit xmradio.com/navtraffic.

**COMMITMENT PLUS**

From the owner orientation—and full tank of gas—you receive when you take possession of your Terrain to the **24-Hour Roadside Assistance**, **Courtesy Transportation** and **Travel Benefits**, Commitment Plus is a portfolio of owner privileges that lasts throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-GMC-8782.

**TRAVEL BENEFITS AND ROADSIDE ASSISTANCE** Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

**COURTESY TRANSPORTATION** Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs, and courtesy rental for overnight work repairs. See your dealer for details.

**GMC OWNER CENTER** A complimentary, one-stop resource to enhance your GMC ownership experience. It's easy to sign up. Just go to gm.com/gmownercenter/gmc.

**BEST COVERAGE IN AMERICA** Terrain offers the best coverage in America. That means you get all the benefits of Commitment Plus, including Roadside Assistance and Courtesy Transportation. In addition, you get a new level of confidence with GM's 5-Year/100,000-Mile Transferable Powertrain Limited Warranty. Whichever comes first. See GMC dealer for details.

**A NOTE ON CHILD SAFETY** Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

**TRAILERING AND OFF-ROAD INFORMATION** Please carefully review the Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

**IMPORTANT WORDS ABOUT THIS CATALOG** We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. GMC reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

**FLEET ORDERS** Some standard content may be deleted with fleet orders. See dealer for details.

**ENGINES** GMC products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in GMC products may also be used in other GM makes and models.

**GMC.COM** See more of Terrain on our Web site: gm.com/terrain. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-GMC-8782.

**AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES** Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

**NEW-VEHICLE LIMITED WARRANTY** All GMC light-duty vehicles come with a fully transferable, no-deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the U.S.A. are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). See dealer for details.

**ASSEMBLY** GMC vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**GMMOBILITY.COM** (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

**GMCARDMEMBERSERVICES.COM** Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty truck, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you.
