

2016

# ACCORD

**Boldly go.**

Accord Touring Sedan shown in Lunar Silver Metallic.

Accord Touring Sedan shown in Crystal Black Pearl.

THE 2016 ACCORD

How do you improve a car that's an automotive icon? You take all the technology, performance and innovative thinking that made it a legend and add a healthy dose of style and great new thinking. It's more than a car: it's a legacy, and the redesigned 2016 Accord is the latest evolution.

Accord EX-L V-6 Coupe shown in San Marino Red.

Accord EX-L V-6 Coupe shown in San Marino Red.

Style in motion.

DESIGN

Good looks and a little attitude go a long way. A restyled front grille, bold character lines and a wider look give the Accord a new muscular appearance that leaves no question as to who's in charge.

Luxuriously appointed.

Accord Touring Sedan shown with Gray Leather.

Accord Touring Sedan shown in Modern Steel Metallic.

INTERIOR DESIGN

If it's what's on the inside that counts, consider the refined styling, updated accents and intelligent features in the Accord. The spacious cabin and wealth of technology invite you to step inside and make the car your own.

LED HEADLIGHTS WITH AUTO HIGH-BEAM

Honda LANEWATCH™<sup>1</sup>

PARKING SENSORS

RAIN-SENSING WINDSHIELD WIPERS

Inspired technology.

Accord Touring Sedan shown with Ivory Leather.

TECHNOLOGY

**LED HEADLIGHTS WITH AUTO HIGH-BEAM**

Auto high-beam headlights dim when they sense other vehicles approaching (Touring).

**Honda LANEWATCH™<sup>1</sup>**

Help improve your view with Honda LaneWatch. A small camera under the passenger-side mirror displays live video on the i-MID screen to help you change lanes (EX and above).

**PARKING SENSORS**

Help keep your bumpers ding-free with sensors that beep as you approach detected objects (Touring).

**RAIN-SENSING WINDSHIELD WIPERS**

The windshield wipers automatically adjust their rate according to the rainfall, giving you one less thing to worry about in bad weather (Touring).

Every part of the Accord is the product of human-centric innovation and creativity. Convenient features make driving a simpler task, and advanced offerings like the available Honda Sensing™ suite of safety and driver-assistive technologies help free you to enjoy your driving experience.

# Honda Sensing.

Accord Touring Sedan shown in White Orchid Pearl.

## ROAD DEPARTURE MITIGATION SYSTEM (RDM)<sup>2</sup>

The RDM system can determine if you cross over detected lanes without signaling and can even provide steering and braking assistance to help you stay in your lane.

## FORWARD COLLISION WARNING (FCW)<sup>3</sup>

The FCW system can sense the presence of vehicles in front of you, and if it calculates that you're at risk of colliding with a detected vehicle, it activates audible and visible alerts.

## COLLISION MITIGATION BRAKING SYSTEM™<sup>4</sup>

This innovative offering can help bring your Accord to a stop by automatically applying brake pressure when the system determines a frontal collision is unavoidable.

## ADAPTIVE CRUISE CONTROL (ACC)<sup>5</sup>

ACC helps you maintain a set following interval, so you don't have to manually change your speed.

## LANE DEPARTURE WARNING<sup>6</sup>

A small camera searches for lane markings on the road. If it detects the driver making an unindicated lane departure, visual and audible alerts will signify the departure.

## LANE KEEPING ASSIST SYSTEM (LKAS)<sup>7</sup>

Long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Accord centered in a detected lane.

APPLE CARPLAY®<sup>8</sup>

ANDROID AUTO™<sup>9</sup>

TWO-POSITION MEMORY

DUAL-ZONE AUTOMATIC CLIMATE CONTROL

PUSH BUTTON START

REMOTE ENGINE START

PADDLE SHIFTERS

STEERING WHEEL-MOUNTED CONTROLS

SMART ENTRY

**APPLE CARPLAY®**  
Support for Apple CarPlay allows you to access several of your iPhone® features on the Display Audio touchscreen (EX and above).

**ANDROID AUTO™**  
Android smartphone users can access Google Maps, Google Now, messaging, music and numerous popular apps using Android Auto (EX and above).

**TWO-POSITION MEMORY**  
You and another driver can find the perfect positions for your seat when you're behind the wheel, and lock it in with the two-position memory system (EX-L and above).

**BLUETOOTH®<sup>10</sup> HANDSFREELINK®**  
With *Bluetooth* HandsFreeLink you can place and receive calls without ever taking your hands off the wheel.\*

**DUAL-ZONE AUTOMATIC CLIMATE CONTROL**  
Both driver and front passenger can enjoy customizable temperature settings.

**PUSH BUTTON START**  
Bring your engine to life with the touch of a button (EX and above).

**REMOTE ENGINE START**  
Make sure your Accord is ready by the time you get there with remote engine start, to pre-heat or cool your vehicle (EX and above with CVT or 6AT).

**PADDLE SHIFTERS**  
Racing-inspired paddle shifters let you shift with your fingertips (Sport Sedan with CVT, Coupe models with CVT or 6AT).

**STEERING WHEEL-MOUNTED CONTROLS**  
Change the music or answer a phone call with your hands on the wheel.\*

**SMART ENTRY**  
Smart Entry detects when your key is near the vehicle, unlocking your door automatically with the touch of your hand (EX and above).

\*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

Accord EX-L Sedan shown in Obsidian Blue Pearl with available Honda Sensing.

Power and grace.

Accord EX-L Sedan shown in Obsidian Blue Pearl with available Honda Sensing.

PERFORMANCE

**EARTH DREAMS® TECHNOLOGY**

The powerful and efficient 2.4 liter, 4-cylinder engine with innovative EarthDreams Technology is a continuation of our longstanding dedication to environmental responsibility. And a 37-mpg highway rating\* doesn't hurt, either.

\*27 city/37 highway/31 combined mpg rating for Sedan CVT models. Based on 2016 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

The Accord proves that excitement and efficiency can coexist. Its tight, responsive handling is complemented by a 185-hp,† 4-cylinder engine or an available 278-hp† V-6.

†SAE net.

Helping protect precious cargo.

Accord Sport Sedan shown in Lunar Silver Metallic.

## SAFETY

### VEHICLE STABILITY ASSIST™ (VSA®) WITH TRACTION CONTROL

VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.\*

### SMARTER AIRBAGS

Inside every Accord are front, front side and side curtain airbags with a rollover sensor. The SmartVent® front side airbags are designed specifically to help protect the driver's or front passenger's upper torso in the event of a side-impact collision.†

### TIRE PRESSURE MONITORING SYSTEM (TPMS)<sup>12</sup>

Because lost tire pressure can dramatically affect a vehicle's performance, TPMS alerts you if air pressure becomes significantly low in any tire.

### ANTI-LOCK BRAKING SYSTEM (ABS)

ABS helps prevent wheels from locking up when braking hard, while Electronic Brake Distribution (EBD) balances braking forces at each wheel based on how the Accord is dynamically loaded.

### MULTI-ANGLE REARVIEW CAMERA<sup>11</sup>

See more of what's behind you with the multi-angle rearview camera with dynamic guidelines, standard on every Accord.

### ACE™ BODY STRUCTURE

By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering™ body structure helps protect passengers.

\*VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver. †Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.

<sup>1</sup> Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. <sup>2</sup> Road Departure Mitigation (RDM) only alerts drivers when lane drift is detected without a turn signal in use. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. <sup>3</sup> Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. <sup>4</sup> Depending on the circumstances, Collision Mitigation Braking System (CMBS) may not go through all the alert stages before initiating the last stage (of collision mitigation). CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. <sup>5</sup> Adaptive Cruise Control (ACC) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function; driver remains responsible for slowing or stopping the vehicle to avoid a collision. <sup>6</sup> Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. <sup>7</sup> Lane Keeping Assist System (LKAS) only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. <sup>8</sup> Apple CarPlay is a registered trademark of Apple Inc. <sup>9</sup> Android and Android Auto are trademarks of Google Inc. <sup>10</sup> The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. <sup>11</sup> Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. <sup>12</sup> For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. <sup>13</sup> Pandora, the Pandora logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc. Used with permission.
